More interest is now being taken in the Lone Star district than has been shown in two or three years. We are firmly of the opinion that before spring comes one of the companies now operating there will have fully demonstrated that the Lone Star is one of the richest mining districts in Arizona.

Frank Ale, editor of the Globe Times, and Miss Fannie Davidson, the Times Angel, came up last Friday morning and remained here until Saturday morning, when they took the train for Bowie, returning to Globe in the evening. Mr. Ale has frequently interested himself in trying to bring about closer business relations between Globe and this valley. This was Miss Davidson's first visit here and she enjoyed the trip very much.

THE BALL OPENED.

Suit Instituted to Recover Public Funds Illegally Paid Out.

Smith & Ives, attorneys for Thomas F. Wilson, have entered suit in the district court of the third judicial district in and for Maricopa county against N. O. Murphy, Geo. W. Vickers, T. W. Pemberton and B. Heyman to recover various sums of money alleged to have been paid out of the Territorial treasury to the defendant Murphy, by the other defendants.

The title of the suit is "Thomas F. Wilson on behalf of the Territory of Arizona, plaintiff, vs N. O. Murphy, George Vickers, T. W. Pemberton and B. Heyman, defendants."

The complaint sets forth that on or about the 17th of May, 1899, the defendant Vickers, as auditor issued a warrant to the order of the defendant Murphy in the sum of one hundred and twenty-eight dollars and twenty-five cents. That the said warrant had been paid by the defendant Pemberton out of the Territorial funds in his charge and that the said Murphy had received the said money, the proceeds of the said warrant to his own use.

That the said warrant was drawn against the fund appropriated by sub-division 8, chapter 69, of the laws of 1899; that the same was issued upon an order of the defendant Murphy, as governor, upon an alleged claim for office furniture for the governor's office.

That no voucher in duplicate, or otherwise setting forth each and every item covered by said alleged claims, or any item whatsoever thereof, was certified by the governor, or demanded or received by the said defendant Vickers, as auditor, or in any capacity whatsoever, and that the said sum of money was not expended by the governor for office furniture for the governor's office or for any public purpose whatsoever, and that the said warrant was issued without authority of law.

That on or about the 10th of October, 1901, the plaintiff requested the attorney general, in writing to institute suit in the name of the Territory against the defendants to recover three times the amount of the said warrant, together with interest and costs, and that the said attorney general has failed to institute such suit.

Other causes for action were set forth fully in legal parlance, which for the convenience of the reader are briefed here.

June 22nd, 1899, \$55.80. June 23rd, 1899, \$325. August 11th, 1899, \$53.50. August 11th, 1899, \$50. August 31st, 1899, \$25. Sept. 9th, \$35. Sept. 9th, \$50. Nov. 11th, \$250. Dec. 7th, \$70. Sept. 20th, 1899, \$300. March 10th, \$300.

The plaintiff asks for judgment against defendants in the sum of \$5,332.65, with interest.

Minutes of Sahara Club.

At the regular bi-weekly meeting of the Sahara Club several letters from a Phoenix sister club were read. There is to be a convention held in Phoenix, Nov. 20 and 21 for the purpose of forming a Territorial Federation of women's clubs and in which the Sahara is invited to participate. It was decided that though we could not send delegates, we should send a paper on the pioneer experiences of this section of the country.

As the next club day was to be an open meeting, the members thought it would be pleasant to make a social affair of it. With this end in view the time was changed to Saturday eve, Nov. 23, when a short program will be given after which there will be games and refreshments. The Tuttle residence was kindly offered for the occasion.

The round table discussion was omitted for want of time. Mrs. Sullivan's paper on Longfellow and Miss Covett's on Wm. Cullen Bryant held the close attention of the club.

Miss Alice Windes, teacher at Layton, was elected a member. Mrs. W. D. Farnon, Secretary.

New Engine Arrives

The hoisting engine and all apparatus complete for the Horse Shoe Copper Mining company arrived in Safford this week. Men and teams have been busy all the week in hauling the machinery and necessary timbers to the mine, where a force of carpenters and machinists are at work placing everything in position. A good road around the mountain side to the mine was completed last week, so that no difficulty was experienced in reaching the shaft with the heavy loads.

Mr. Quayle says if nothing occurs to delay matters the new hoisting engine will be working by next Monday.

PIMA.

Regular correspondence to GUARDIAN.

Geo. W. Williams and Milt Lines who have been visiting in town for several days, returned to Clifton Thursday.

R. F. McBride left Thursday morning for the Southern States Mission, where he expects to labor for the next two years. A host of friends wish him God speed in his labors.

The Pima ball club will cross bats with the Academy team again Saturday, at 2 p. m. in Thatcher. The Pima boys will be short several of its best players but the Academy boys will find it strong enough to put up a good stiff game. A purse will be put up for a game in Pima on Thanksgiving Day, but it is not yet known what teams will play.

The matrimonial fever still rages in Pima, and good old Dame Rumor is kept busy hearing the news of coming marriages. Just now the good dame is unusually busy, and if she is not very much mistaken, five more couples of Pima's young folks will have launched their boats on matrimony's sea ere the next year is a day old.

Dr. and Mrs. L. E. Wightman are expected home on every train. It was thought they would arrive Wednesday night, but for some reason they failed to come.

A MAIL ROUTE.

One Being Asked for from Clifton to the Blue.

W. E. Beck was in town this week circulating a petition for the establishment of a mail line from Clifton to the Blue. The distance from Clifton to the Blue is about 60 miles and mail leaving here in the morning should reach them not later than the next day. But by the route over which the mail has to go at the present time, it takes about a week to reach the Blue. It goes from here to Bowie, and from there to Deming, from there to Albuquerque, from there to Holbrook and then by stage, by way of St. Johns and Springerville to its final destination, about twenty times the distance necessary.

In The Justice Court.

A trial was started in Judge Hunter's court last Thursday that contained several amusing features. It was a case of Stapleton vs. Charsen in which Mr. Stapleton alleged that Mr. Charsen owed him about \$150 for wages. The trial was called and both the plaintiff and defendant were on hand. Before the trial had fairly begun the plaintiff began unfolding his case to his honor, in fact became so talkative that neither lawyers nor court had time to do or say anything. This was kept up until the Judge finally decided to give the plaintiff the balance of the day and night to run down, and therefore adjourned court until the next day.

When court was called next day the adjournment had evidently had the desired effect for the plaintiff was not nearly so talkative and the trial proceeded without further interruption.

The plaintiff alleged wages due for working at the mines and the defendant contended that he had paid him. After all the evidence had been taken a decision was rendered in favor of the plaintiff. Notice of appeal was given.

Just a Sweet Potato.

Mr. J. H. Cummins, of Tempe, brought in a curiosity yesterday and deposited it with the board of trade. It was only a sweet potato but it is a whopper, weighing 23 pounds. It was raised by Mr. Cummins on his ranch near Tempe and outclasses the one produced at the insane asylum, which looked like a mountain and weighed 14 pounds. Mr. Cummins gets the blue ribbon. —Gazette.

You will have to try again Bro. McCord. The blue ribbon on sweet spuds is still held by this valley. About four years ago, two sweet potatoes were dug from the same hill on the farm of Mr. Zundel at Thatcher, that weighed 36 and 14 pounds, respectively. Besides these about ten pounds of smaller potatoes were dug from the same hill. How does that strike you?

Rub gently on face at night when moistened, the pure oil soap, Rudora, Wash in the morning and soon note complexion. Will sell reasonable. Taylor Cyclopaed Mercantile Co., Safford; Clarendon & Hunt, Thatcher.

The grading that is being done behind the Jones hotel and the M. E. Church is an improvement that will be appreciated.

T. T. Hunter has sold his residence, which he now occupies, to Mrs. Lizzie Riggs. The contract price was \$1800.

THATCHER ITEMS

Regular Correspondence to the GUARDIAN.

Mr. and Mrs. A. J. Curtis, who have been visiting relatives and friends in Utah during the past two months, returned home last Friday, accompanied by Mr. Curtis' sister, Miss Edith.

To night the Academy Polytechnic Society will give an entertainment as follows:

This will be followed by the comedy, "The Matchmaker," with the following casts:

Mrs. Buckley - Kate Horn. Mr. Buckley - John Nash. Agnes Hunt - Vessa Packer. Owen Reynolds - Jos. N. Curtis. Chas. Legree - Robt. Preston. Everett Evans - Geo. Zandel. Jeanette - Jennie Freestone.

After this will be the following: Song - Misses Freestone and Lou Evans.

Song and dance - Joseph Carpenter and Miss Young.

The entertainment will conclude with the laughable farce, "A Pair of Lunatics."

RISKS HER LIFE.

To Determine Whether Cattle Tuberculosis Can Infect.

A dispatch dated New York, Nov. 11th, says: Miss Emma H. King has been inoculated with virus from a cow suffering with tuberculosis, in order to demonstrate whether Professor Koch's theory that tubercle bacilli can not infect human beings is correct.

Another New York dispatch of the same date, contains the following information:

There is no longer any doubt in the minds of those conducting the experiment that the cow inoculated with tubercle bacilli from a human consumptive on October 22, last by Dr. George D. Barney has contracted the disease. As a result, Dr. Barney contends that he has positively disproved the theory of Professor Koch to the effect that tuberculosis is not intercommunicable.

As was stated, the cow, which is being kept in a stall in a stable in South Oxnard Place, Brooklyn, began to show unmistakable signs of consumption last Saturday, when her temperature rose several degrees higher than normal. Other signs equally as unflinching showed yesterday and Dr. Barney today announced that the subject of his test had consumption in its worst form.

Send 'Em Here.

Yesterday evening a circus gave an entertainment at Benson, and during the day the company paraded the streets headed by a "band," consisting of an accordion and a guitar, each played by an "artist" in his own line. The company comprised a clown and four boys of various ages, clad in ring costume, astride of horses which looked as though oats and barley are unknown quantities. —Benson Press.

Send the circus over here, Bro. Bird. It has been some time since the people of this valley played "sucker" to an outfit of that kind.

The U. S. Court.

The United States court for this district will commence at Florence on Monday next, the grand jury having been summoned to be in Florence on that date. The trial jury is summoned to appear on the Wednesday following. Deputy U. S. Marshal Reno has been in the valley this week summoning jurors.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

It is rumored on the streets of Kingman, says the Mohave County Miner, that an agreement of settlement of St. Charles-Republican libel suit has been entered into. By the terms of the agreement the Republican is to pay the attorneys of St.
